

Xiaomi Cordless Pressure Washer

ID: 49034

SKU:BHR7532GL

- **A truly cordless washing experience**

Rechargeable and portable design, freeing the product from charging cables. Enjoy vehicle washing anytime and anywhere, without constant charging or cables.

- **Flexible self-priming for easy water pick-up**

Portable self-priming design, free from water taps, equipped with a 6m water pipe for flexibility in any outdoor task.

- **Powerful pumping system, Release surging water pressure**

2.4MPa self-priming strong water pressure*, with water output up to 180L/h*. A strong surge of water guarantees efficient cleaning. Equipped with a dual piston pump for excellent wear resistance and smooth water output.*

- **2000mAh high capacity lithium battery**

Removable 2000mAh high capacity battery pack and IPX6 water resistant* for long battery life and easy wash of a vehicle*. Fully charged in roughly 1.3 hours with a widely compatible Type-C port, allowing for fast charging*.

- **One versatile machine with five modes**

Multiple angled water modes easily meet the need of a variety of scenarios*. Directly rotate the spray head to switch modes, greatly improving cleaning efficiency.

Specifications:

Name:	Xiaomi Cordless Pressure Washer	Max. Inlet Water Pressure:	0.7 MPa
Dimension:	464 × 245 × 80 mm	Rated Pressure and Flow Rate:	Self-priming Way: High-pressure Mode: Pressure 2.2-2.4 MPa, flow rate 100 ± 15 L/h
Net Weight:	1.3 kg		0-degree/20-degree/40-degree Water Mode: Pressure 1.8 ± 0.3 MPa, flow rate 110 ± 20 L/h
Rated Input:	5 V \approx 10 W/9 V \approx 13.5 W/12 V \approx 18 W/15 V \approx 22.5 W/20 V \approx 40 W	Water-supplying Way:	Foam/Shower Mode: Pressure 0.3 ± 0.2 MPa, flow rate 140 ± 30 L/h The outlet water pressure and flow rate will vary along with the inlet water pressure.
Battery Type:	Lithium-ion battery pack		
Rated Capacity:	2000 mAh (18 V)		
Nominal Energy:	36 Wh
