

ThinkBook 14 G4 IAP

Modern professionals who work from more than one location will experience optimum productivity in this sleek and powerful 14" laptop. It has a sophisticated design with dual-tone metal top cover and is powered by up to 12th Generation Intel Core i7 Processor with onboard Intel UHD and discrete NVIDIA GeForce graphics; with Wi-Fi 6 support and an all-day battery, the mobile workforce can stay connected and socially updated all the time, from anywhere.

Built for business with cutting-edge technology

ThinkBook combines the style and user experience of consumer devices with the security and business-class support of ThinkPad.

The 14" FHD display with up to 100% RGB color gamut delivers lifelike images. Attend calls with optimum clarity and without any disruption, thanks to the Dolby Audio speakers with AI-based noise-cancelling microphones. The TÜV Rheinland low blue light certification protects the eyes from strain.

Equipped with a range of ports, such as Thunderbolt 4 port for ultra-fast transfer of large files. Connect up to 3 external monitors and other peripherals through onboard HDMI and USB-C ports.

Touch style fingerprint reader on smart power button authenticates the user, while web camera shutter protects privacy during calls or meetings.
